The upcoming event is the Beer and Wine Walk – there are 23 vendors scheduled.

Lifewise
Jamie reported that they have approval to start services for Olive Elementary. They are looking at rotating their schedule so that students alternate what class time they are missing – so that it is not the same time each week.

Hometown Days
Kim Vaundry and Roanna Hooten updated the group on the recent Hometown Days event. It was well attended in spite of the weather. There were more vendors than in the past, the wiffleball tournament hosted 100 teams (maximum number that they want to accommodate), the parade was shorter (weather related). The committee of 7 people work very hard all year to put this event together and they could use additional help with the many and myriad tasks that are needed to bring it all together.

Upcoming Meetings
